EDUCATION

FACULTY OF TECHNICAL SCIENCES

Engineering Management | Year of enrollment: 2018.

In the first year I have developed a significant interest in IT projects, front end development and started educating in that direction, developing my portfolio.

HIGH SCHOOL "SVETOZAR MILETIĆ"

Tourist Technician | 2014-2018.

During high school I was an excellent student and already at that time I was looking for opportunities for learning and improvement, so almost every year I did internships during which I acquired certain skills but also recognized my working style.
